

# WE'RE ALL IN FOR KAMALA HARRIS

Kamala Harris has us fired up to defeat Donald Trump and MAGA extremists in November. She knows how to take the fight to those threatening our freedoms.

## FIGHTING FOR ABORTION RIGHTS

In the wake of Trump abortion bans and an out-of-control MAGA Supreme Court, **Vice President Harris is the leader we need to protect reproductive freedom and keep the government out of decisions about our own bodies. We're not going back!**

## FIGHTING FOR VOTING RIGHTS

We have a Republican Party dead-set on upending our democracy to seize power. **Vice President Harris is committed to ensuring that Project 2025 – the MAGA power grab – never becomes a reality.**

## FIGHTING TO MAKE HISTORY

VP Harris will make history as the first woman, first Black woman, and first South Asian woman to be President of the United States. **We're going to help her shatter that glass ceiling.**

Vice President Harris is the experienced leader we need to continue the work of the Biden-Harris administration. **Together with President Biden, she worked to:**

- Pass the **largest climate action investment** in history
- Create millions of new jobs and **build a strong economy**, while guiding the nation out of a pandemic
- Take on Big Pharma and lower drug prices, finally allowing Medicare to negotiate for a better deal for Americans, and **capping insulin prices at \$35/month for seniors on Medicare**
- **Raise the corporate tax rate, so megacorporations start paying more of their fair share**, while expanding overtime pay for workers and strengthening labor rights
- **Strengthen access to contraception** and keep medication abortion widely available
